LUXART® DetailLine

At Luxart®,
we like to think that
Beauty is found in
Every Detail.

Our Luxart® DetailLine offers
sophisticated sleekness that
subtly integrates into your styling.
What's more, beneath their
elegant and effortless surface,
Luxart® DetailLine drains are hard
at work reducing sound, sealing,
self-cleaning and sloping water
to deliver it to its proper place.

Presenting Luxart® Steam Shower Systems.

THINGS ARE ABOUT TO GET REAL STEAMY AROUND HERE.

MUSCLE RELAXATION
Steam showers generate moist heat which widens
blood vessels releasing tension in aching muscles
by allowing more oxygen to flow through the
muscle tissue.

RESPIRATORY HEALTH
Those suffering from respiratory problems find relief
in steam therapy as it soothes throat irritation, loosens
phlegm in the lungs and loosens mucus.

SKIN REJUVENATION
Steam hydrates the skin pores and more efficient
blood circulation from a steam shower gives skin
a healthy glow.

DETOXIFICATION
The soothing warmth of steam opens pores.
Sweating profusely, the skin on the body
releases toxins from everyday living.

STRESS RELIEF
The heat and moisture combination in steam rooms
offer a relaxing atmosphere to calm the mind and
lower stress levels.

BETTER SLEEP
There is a correlation between steam therapy and
quality sleep patterns. Relaxing for 20 minutes at
the end of the day in a steam shower regulates the
body's core temperature and increases blood flow.

Who doesn't like a little R&R? The all-new
Luxart® Steam Shower Systems provide a
relaxing atmosphere of moist heat that promotes
health and wellness. In addition to comfort
and a positive influence on mood, steam has
therapeutic benefits for the muscular,
cardiovascular and respiratory systems.

FUNDAMENTALLY FUN

GV2468-PUCP

Gioviale®

Think of something that instantly
makes you smile. For us, it's home
improvements. They fill us with joy,
especially the Gioviale® collection
(which literally means joyful).
So have a blast with vintage
details like cross
handles and
whimsical knobs.
You'll feel the fun from
the first touch.

GV216-PUCP

Lumino®

We're positively glowing over the Lumino faucet. It breathes new light into a bathroom by radiantly fusing a classic arched spout with soft-pillowed contemporary corners. Bask in Lumino with us for luminous results.

NO DOWN SIDE TO THIS DARK SIDE

The new matte finish transforms basic black into subtle and complex. Well-placed touches make it a showstopper – so this finish can be a go-to way to breathe new life into every bathroom in the house. Have you gone to the dark side?

FROM TRADITIONAL DÉCOR TO COZY URBAN DESIGN, FIRECLAY SINKS HAVE TIMELESS APPEAL. THESE SINKS OFFER LONG-LASTING DURABILITY AND SHINE.

STRENGTH
The finest fireclay is fired at high temperatures for long-lasting durability that is scratch and stain resistant.

REVERSIBLE DESIGN
Farmhouse sinks can be installed with a traditional flat front or a decorative band feature at the top. *Available in select models.*

DRAIN FITTINGS
Luxart fireclay sinks use standard drain fittings, sold separately.

QUIET
Thick material naturally minimizes sound for a quieter time at the sink.

NON POROUS MATERIAL
Now, you don't have to worry about unwanted bacteria sticking to the surface or spreading.

FARMHOUSE DESIGN
Beautifully finished sink material is revealed because there is no cabinet to cover the front of the sink. It adds a stylish design element to the kitchen. *Available in select models.*
